Chaperone Orientation

Thank you for joining us on our journey through time as we make history come alive for your students!

Please review the expectations below before the field trip. The standard school program runs from 9:00 AM–4:00 PM.

For school groups arriving by bus, chaperones who drive separately should arrive at North Beach by 8:45 AM so they can park and check in before students arrive at 9:00 AM. If your school has arranged a different start time, please arrive 15 minutes before the students.

North Beach Parking Lot, Marshall Gold Discovery State Historic Park
329 Coloma Rd, Coloma, CA 95613

Parking: Chaperones arriving in personal vehicles should be prepared to pay the park's **$10 day-use parking fee**, unless the school has arranged otherwise. Carpooling is encouraged.

Every chaperone must complete either the paper or digital field-trip waiver before participating. Your teacher will let you know which option to use.

Please stay with your assigned group, help students listen and transition safely, and follow your CGT guide's directions throughout the day.

Phone use

Keep your phone available in case of an emergency, but otherwise limit phone use so you can stay engaged with the students. Please be thoughtful when taking photos and ask staff members for permission before photographing them.

Stay hydrated, and encourage your group to drink water throughout the day.

Have fun! The goal is to give students an extraordinary experience they will remember. Your attention, encouragement, and participation make a real difference.

Costumes are optional
Costumes are never required, but we love it when chaperones embrace a role and join the fun.

Questions?

Please ask any CGT staff member if there is anything we can do to help your group have a great day.
